

ActionTaken Codes

Fire Control or Extinguishment

- 11 Extinguishment by fire service personnel.
- 12 Salvage and overhaul.
- 13 Establish fire lines around wildfire perimeter. Included are clearing firebreaks using direct, indirect, and burnout tactics as appropriate.
- 14 Contain fire (wildland)
- 15 Confine fire (wildland)
- 16 Control fire (wildland)
- 17 Manage prescribed fire (wildland)
- 10 Fire, other

Search & Rescue Activity

- 21 Search for lost or missing person, includes animals.
- 22 Rescue, remove from harm, does not include vehicle extrication (see 23).
- 23 Extrication or disentangling of a person. For body recovery, see 24.
- 24 Recover body or body parts.
- 20 Search & rescue, other

EMS & Transport

- 31 Provide first aid & check for injuries. Medical evaluation of patient.
- 32 Provide basic life support.
- 33 Provide advanced life support (ALS).
- 34 Transport of person from scene in fire service ambulance or apparatus.
- 30 Emergency medical services, other

Hazardous Condition

- 41 Identification, analysis of hazardous materials.
- 42 Monitor, sample hazardous materials. Actions taken to detect, monitor, and sample hazardous materials using a variety of detection instruments including Combustible Gas Indicators (CGI) or Explosimeter, oxygen monitors, colorimetric tubes, specific chemical monitors, and others. Results from these devices must be analyzed to provide information about the hazardous nature of the material or environment.
- 43 Hazardous materials spill control and confinement. Confine or dike hazardous materials. These are actions taken to confine the product release to a limited area including the use of absorbents, damming/diking, diversion of liquid run-off, dispersion, retention, or vapor suppression.
- 44 Hazardous materials leak control and containment. These are actions taken to keep a material within its container including plugging/patching operations, neutralization, pressure isolation/ reduction, solidification, and vacuuming.
- 45 Remove hazard, includes neutralizing a hazardous condition.
- 46 Decontaminate persons or equipment. Actions taken to prevent the spread of contaminants from the "Hot Zone" to the "Cold Zone." This includes gross, technical, or advanced personal decontamination of victims, emergency responders, and equipment.
- 47 Decontamination of occupancy or area exposed to hazardous materials.
- 48 Remove hazardous materials. A broad range of actions taken to remove hazardous materials from a damaged container or contaminated area. Examples of actions to remove hazards include product off load/transfer, controlled burning or product flaring, venting, and overpacking, among others.
- 40 Hazardous condition, other

Fires, Rescues & Hazardous Conditions

- 51 Ventilation, includes non-hazardous odor removal and removal of smoke from non-hazardous materials-related fires.
- 52 Forcible entry, performed by fire service, includes support to law enforcement.
- 53 Evacuate area. Removal of civilians from an area determined to be hazardous. Actions taken to isolate the contaminated area and/or evacuate those persons affected by a hazardous materials release or potential release.

- 54 Determine the materials released to be non-hazardous through product identification and environmental monitoring.
- 55 Establish safe area, includes isolating the area affected. Actions taken to isolate the affected area, deny entry to unprotected persons, and establish hazard control zones (hot, warm, cold).
- 56 Provide air supply.
- 57 Provide light or electrical power.
- 58 Operate apparatus or vehicle
- 50 Fires, rescues and hazardous conditions, other

Systems & Services

- 61 Restore municipal services. This includes turning water back on and notifying the gas company to turn the gas on.
- 62 Restore sprinkler or fire protection system.
- 63 Restore fire alarm system. Restore fire alarm systems monitored by the fire service.
- 64 Shut down system, includes shutting down water, gas, and fire alarm systems.
- 65 Secure property, includes property conservation activities such as covering broken windows or holes in roofs.
- 66 Remove water or flooding condition.
- 60 Systems and services, other

Assistance

- 71 Assist physically disabled. Provide non-medical assistance to physically disabled or handicapped citizen. Included are the elderly.
- 72 Assist animal, included are animal rescue, extrication, removal, or transport.
- 73 Provide manpower. Included is providing manpower to assist rescue/ambulance units lift patients or providing manpower to assist police.
- 74 Provide apparatus
- 75 Provide equipment, where equipment is used by another agency.
- 76 Provide water. Included are tanker shuttle operations and pumping in a relay or from a water source. Excluded are normal fire suppression operations.
- 77 Control crowd. Included are restricting pedestrian access to an area. For control of vehicles, see 78.
- 78 Control traffic, included is setting up barricades and directing traffic.
- 79 Assess damage from severe weather or the results of a natural disaster.
- 70 Assistance, other

Information, Investigation & Enforcement

- 81 Incident command. Provide support to incident command activities.
- 82 Notify other agencies. Included are notifications of utility companies, property owners and the like.
- 83 Provide information to public or media.
- 84 Refer to proper authorities. Included are turnover of incidents to other authorities or agencies such as the police.
- 85 Enforce fire code and other codes. Included are response to public complaints and abatement of code violations.
- 86 Investigate. Included are investigations done on arrival to determine the situation and post incident investigations. Also included is collecting incident information for incident reporting purposes.
- 80 Information, investigation & enforcement, other

Fill-in, Standby

- 91 Fill in, move up to another fire station.
- 92 Standby
- 93 Canceled En route
- 00 Action taken, other
- 90 Fill-in, standby, other
